Online Self Enrollment Agreement

I. INTRODUCTION

This Online Banking and Cash Management Agreement ("Agreement") contains the terms that govern your use of Sunwest Bank's internet banking services described below. This Agreement sets forth the terms and conditions for both the Sunwest Bank's Online Banking for consumers ("Online Banking") and Sunwest Bank's Cash Management Services for businesses ("Cash Management Services"). Except as specified, all terms apply equally to both Online Banking and to Cash Management Services.

If you use Online Banking, then you agree to use the Service for consumer transactions only. For the purpose of this Agreement, a "consumer transaction" is one involving an electronic funds transfer to or from an account maintained primarily for personal, family or household purposes. If you use the Cash Management Services, you agree to use the same only for business purposes, and not to use the same for personal, family or household purposes.

A "non-consumer transaction" means the use of a service for any purpose that is not a consumer transaction (for example, to transfer funds to or from a business account) and in addition includes (to the extent allowed by law): (i) any transfer of funds through Fedwire or similar wire transfer system; (ii) any transfer of funds the primary purpose of which is the purchase or sale of a security or commodity; and (iii) any other transfer to or from an account not covered by the Electronic Fund Transfer Act and its implementing Regulation E. As you will see below, Section XX applies only to consumers and to consumer transactions, so if you use a service for a non-consumer transaction, then the terms and conditions in Section XXI will NOT apply.

In this Agreement, defined terms have the meaning given to them. In addition:

- An "account" means any deposit or loan account you maintain with us and can include all accounts and products you use. Your "Account" is the account(s) you have designated as the account(s) accessible through the Services;
- An "administrator" (also referred to as an "System Administrator" or "Senior Administrator") is a person who is able to provide Security Codes, to establish access and use authority and/or limitations for Users;
- An "authorized representative" is a person with authority of any kind with respect to an Account. If you are a business, Section XXI.C further defines the term "authorized representative" as it applies to you.

Please do not send sensitive information such as account numbers, social security numbers, account service payment requests, etc. through e-mail as we are unable to verify your identity

9. You will then have the option to enroll your account(s) in eStatements. If you wish to enroll, select those accounts in which you wish to enroll, provide your email address, review and accept the **eStatement Disclosure**, then click **Accept**. Alternatively, you may **Decline** or choose the **Ask Me Later** option and revisit enrollment at a later date.
